

T612 iPhone 3G Compatibility FAQ's

Q – *Does the T612 work with the iPhone 3G?*

A – Yes, the T612 is fully Apple certified, “Works with iPhone 3G”.

Q – *Do I need to do anything different to dock my iPhone 3G in the T612?*

A – Yes, remove the current iPhone adapter from the universal docking well in the T612. The iPhone 3G can now be docked in the T612. If desired, you can access the Altec website to order an iPhone 3G adapter for use with the T612 free of charge (Shipping and Handling \$3.00).

Q – *Do the features or performance of the T612 change at all when used with the iPhone 3G?*

A – No changes, all features and same great performance you've come to expect from the T612 and its wireless remote control.

Q – *I've heard a lot of comments about iPhone 3G accessories NOT charging the iPhone 3G. Is that the case with the T612 also?*

A – No, the T612 charges the iPhone 3G just as it charges the original iPhone and iPods.
